Silent Practice

The following silent keyboard can be used to practice piano pieces when you do not have a piano, keyboard, or roll up piano to use.

Simply place your finger on the picture of the note that you would use to play the melody. You can sing each note that you silently play. You can also use these sheets at the real piano and add C Major (C, E or C,E,G) and G Major (G,B, or G,B,D) chords with the left hand in different rhythms.
